

Mrs. Nettling
Carlisle's Grigsby Intermediate School
Internet, Photo, Video, and Work Release Form

Dear Parents,

During the 2011-2012 school year, your child will have several opportunities to contribute content for reports or projects to post on our classroom website *The Nettling Newsline*.

Daily News. During some parts of the year, students may also get an opportunity to take on the role of the *News Crew* reporter and write an article about what we are doing in class. I will then publish their article on *The Nettling Newsline* website. Students will bring home details about *how* to do this when it is their turn to be the reporter.

Projects. Throughout the year, students will be do projects for different topics they are studying. Some will be written, while others will be posters, dioramas, models, electronic, or other forms of presentations. So that students can proudly share with parents, friends, family, and students around the world, we will at times choose to feature these items on the website, too. This provides a fun way to make connections for students to review and for parents to connect with what their child is doing in class.

Broadcasts, podcasts, and vodcasts. In addition to writing, projects, and other products mentioned already, students in our class may also have the opportunity to create "Nettling Newscasts" – our class's very own broadcast! Students will be on the cutting edge as we create audio broadcasts (podcasts) highlighting what we are learning in class. At times, we might even add photos, images or video to our audio productions, resulting in "vodcasts"! In the event we are able to do this, I will take the recordings and put together the finished product – a broadcast that will be posted on <http://www.leslienettling.com/NettlingNewscasts.htm>.

Student Security. I take the issue of student security very seriously. For this reason, any student work, sound, a News Crew article, composition, project, artwork, photo, audio, video, or image published to the website will be accompanied by only a first name.

Website as a Learning Tool. I am excited about the potential that the *The Nettling Newsline* offers my students, and the communication it provides for my students' families. Please complete the form on the bottom of this page regarding your child's work, images, broadcasts, and photos being published on our classroom website. If you have any questions about the website or how your child's work will be displayed, please do not hesitate to contact me at home, at school, or by e-mail leslie.nettling@carlisleindians.org. For additional information about guiding your child's safe use of the Internet click on the Disclaimer link on *The Nettling Newsline* website.

Thank you!
Mrs. Nettling
